

ICHS SUMMER ART CAMP

Dive into art this summer and find the inner artist in you! Take a whole week and immerse yourself in various art techniques and explore new areas of creative expression! The camp will be led by Ms. Ann Pasteur, ICHS Art Department Chair, and will help you gain confidence in your drawing skills. The following projects will be created during this week long experience:

Oil Pastel Landscape

Learn all the formal qualities that go into creating the landscape of your choice. Oil pastel sticks will make these pieces explode with color!

Acrylic Abstract Painting

You will be encouraged to be experimental with paint application to create a unique and interesting composition. We will talk about artist Jackson Pollack.

Watercolor Paper Weaving

Learn basic watercolor techniques and create a colorful composition that will be cut into pieces and reassembled onto another sheet of paper to create an entirely different composition.

Picasso Inspired Portraits

Explore the world of cubism and Picasso while drawing yourselves in an abstracted manner. Think exaggerated features and wild colors!

Colorful Still Life

Learn to break down objects into basic shapes and then break the entire composition into blocks of color.
