

Ecology Club Meeting Minutes: (PLC Session: 10/18/2011)

- Sign In (27 students in attendance according to sign-in sheet / some may have missed sign in)
Prayer
- Students were instructed on how to assemble simple bird feeders by repurposing soft drink bottles, coat hanger wire, and dowel rods.
- Students then assembled their own feeders using bottles collected from the ICHS lunch room.
- Feeder openings were taped shut so students could take them home without spilling seeds.
- Students were allowed to leave unwanted feeders. Permission will be sought to place a few around the campus in locations that are somewhat inconspicuous.
- Paper recycling volunteers were sought to return after PLC session 2 to collect paper from classrooms in advance of open house. No students came to help.
- Students were sought to help on Friday in the computer lab from 3:00 to 4:00pm. The purpose is to continue with our first quarter awareness sign project. Announcements will be made to remind students to attend. We would like to place signs during our next scheduled meeting on Tuesday 10/25.
- Meeting adjourned.
