

Ecology Club Meeting Minutes: 9/27/2011

- Sign In (18 Students in attendance)
- Prayer
- Paper recycling was collected this meeting.
- Additionally, classrooms without recycling bins were identified. Bins are needed in Lostumbo / Hanson (402) as well as Butterly (407). Mr. Schram has two bins.
- Talked with students about conducting special activities in a meaningful and visible way this year.
- First quarter project outlined as creating themed awareness signs that are creative and colorful to remind people to conserve energy by turning off lights when not in use.
- Students will submit suggestions to me by next Tuesday. I will compile them by our meeting the following Tuesday, and we will look into using the computer lab to make and print the signs. The signs will then be laminated and hung around the building.
- Meeting adjourned.
